

Product fiche

Brand: AYRTON

Model: AYM-12

Producer / Address: SINCLAIR CORPORATION Ltd., 1-4 Argyll St., London, UK

Representative / Address: NEPA spol. s r.o., Purkyňova 45, Brno, Czech Rep.

Sound power levels (indoor unit): 56 dB(A)

Name of refrigerant used: R410A

GWP of refrigerant used: 2088

Refrigerant leakage contributes to climate change. Refrigerant with lower global warming potential (GWP) would contribute less to global warming than a refrigerant with higher GWP, if leaked to the atmosphere. This appliance contains a refrigerant fluid with a GWP equal to 2088. This means that if 1 kg of this refrigerant fluid would be leaked to the atmosphere, the impact on global warming would be 2088 times higher than 1 kg of CO₂, over a period of 100 years. Never try to interfere with the refrigerant circuit yourself or disassemble the product yourself and always ask a professional.

Cooling mode

Energy efficiency ratio EER_{rated} : 2,6

Energy efficiency class: A

Hourly electricity consumption Q_{SD} : 1,3 kWh / h

Energy consumption 1,3 kWh per 60 minutes, based on standard test results.

Actual energy consumption will depend on how the appliance is used and where it is located

Cooling capacity P_{rated} : 3,5 kW

Heating mode

Coefficient of performance COP_{rated} : - -

Energy efficiency class: - -

Hourly electricity consumption Q_{SD} : - -

Energy consumption ___ kWh per 60 minutes, based on standard test results.

Actual energy consumption will depend on how the appliance is used and where it is located

Heating capacity P_{rated} : - -
