

## Product fiche

**Brand:** AYRTON

**Model:** AYM-10P

**Producer / Address:** SINCLAIR CORPORATION Ltd., 1-4 Argyll St., London, UK

**Representative / Address:** SINCLAIR Global Group s.r.o., Purkyňova 45, Brno, CZ

**Sound power levels (indoor unit):** 64 dB(A)

**Name of refrigerant used:** R290

**GWP of refrigerant used:** 3

Refrigerant leakage contributes to climate change. Refrigerant with lower global warming potential (GWP) would contribute less to global warming than a refrigerant with higher GWP, if leaked to the atmosphere. This appliance contains a refrigerant fluid with a GWP equal to 3. This means that if 1 kg of this refrigerant fluid would be leaked to the atmosphere, the impact on global warming would be 3 times higher than 1 kg of CO<sub>2</sub>, over a period of 100 years. Never try to interfere with the refrigerant circuit yourself or disassemble the product yourself and always ask a professional.

## Cooling mode

**Energy efficiency ratio  $EER_{rated}$  :** 3,1

**Energy efficiency class:** A+

**Hourly electricity consumption  $Q_{SD}$  :** 0,9 kWh / h

Energy consumption 0,9 kWh per 60 minutes, based on standard test results.

Actual energy consumption will depend on how the appliance is used and where it is located

**Cooling capacity  $P_{rated}$  :** 2,9 kW

## Heating mode

**Coefficient of performance  $COP_{rated}$  :** - -

**Energy efficiency class:** - -

**Hourly electricity consumption  $Q_{SD}$  :** - -

Energy consumption \_\_\_\_ kWh per 60 minutes, based on standard test results.

Actual energy consumption will depend on how the appliance is used and where it is located

**Heating capacity  $P_{rated}$  :** - -
