INVERTER

AYC-09

Compact and stylish design

Function and temperature can be checked on the LED display

Cooling capacity 2,5kW

Heating capacity 2,8kW

Energy efficiency class A+/A+

Intelligent dehumidification

Optimum for room size 20 - 30m²

Up to 10m airflow range

Airflow can be directed both horizontally and vertically

Heating and cooling at outdoor temperatures down to -15°C

Sleep mode

Timer 0,5 - 24 hours

Minimal power consumption in Stand-by mode

Auto restart function

Remote control

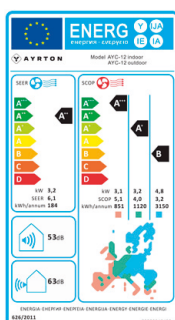

Child safety lock on the remote control

Easy user maintenance

This device requires professional installation

EAN: 8594046221229

AYC-12

Compact and stylish design

Function and temperature can be checked on the LED display

Cooling capacity 3,2kW

Heating capacity 3,4kW

Energy efficiency class A++/A+

Intelligent dehumidification

Optimum for room size 30 - 40m²

Up to 10m airflow range

Airflow can be directed both horizontally and vertically

Heating and cooling at outdoor temperatures down to -15°C

Sleep mode

Timer 0,5 - 24 hours

Minimal power consumption in Stand-by mode
